ODE OIL GOES
UP TWICE WITH-
IN THE WEEKmermet Light is Now \$2.40
and the Heavier Grade
Two Fifteen.

Since our report last week there have been two advances in Kentucky oil, bringing the light grade of mermet from \$1.80 to \$2.40, and the heavier grade from \$1.00 to \$2.15. This about the most welcome news we have had.

The increased price has slightly curtailed activities in the Big Sandy field. The Union Gas and Oil Company is putting 15 strings of tools to work in the upper Blaine field. In addition, Magoffin there is evidence of new life, as a few more drill operations are starting. Nothing is stirring as yet in the Lou territory, but there is a better feeling on account of increased prices but it is not sufficient to start any drilling unless there should be a considerable drop in the price of pipe.

pe Line Withdraws
Order to Shippers

The Cumberland Pipe Line company has made an order requiring immediate sale of oil stored in the line, penalty for failure to do so being to run off from leases that failed to sell in one.

The order has now been withdrawn. It is said "unless shipments continue to be made promptly, it may be necessary to release the order."

T OF ERROR IN
THE LATTIMER CASE

The writ acts as a supersedeas to the execution and the execution will not be carried out until the final decision is given by the court. While no date was set for the hearing of arguments on the writ, it was docketed for January term and will come up for argument between January 12 and March 1.

Lattimer was convicted in the Mingo circuit court on a charge of assault on a small white girl. He was arrested, indicted by the grand jury, convicted and sentenced to be hung in a period of about three hours.

Work is being pushed with all possible haste on the Walters building. It is expected that the new drug store will be ready by November 1. There will be plenty of room for the business, which will include a modern and fully equipped fountain for the sale of soft drinks and delicacies of various kinds.

The moving picture room will be located about November 15. The steeling is now being put on. The rooms on the second floor are being plastered.

LOOK OUT FOR DIPHTHERIA.

After babyhood has passed, beware of diphtheria. Of all the deaths of children 3 and 4 years of age, more than seven are caused by diphtheria. It is preventable and when properly treated with antitoxin is curable. Most of the children who die from diphtheria lose their lives because of the weakness of parents. If your child has a sore throat, be on your guard. See your doctor. You can recognize many instances by a grayish patch in the back of the throat. The glands in the neck become swollen and painful, the child is feverish and often delirious and a feeling of nausea. Call your doctor immediately and he in turn will in the health department to have a laboratory examination of the throat.

A sanitary sewer has been extended to Lady Washington street and will be used for the Snyder and Conley. Also, an extension is being made from Lady Washington on Persimmon street to the property on the back.

F. M. VINSON IN GRAYSON

Things in the political world have a rosy hue to him and he is making a thoroughly clean candidate. He says that at no time did he promise to not be a candidate and that the rumor about him having left the track has never had a semblance of a foundation; that he is in to win, fairly and squarely. —Grayson Journal.

Finally he followed to the home of Yates' father-in-law and started into the house saying, "Now I've got you." It is claimed that he had his hand in his pocket at the same time. RAILROAD STRIKE
CALLED TO START
OCTOBER 30TH

All Roads to be Involved
All Trainmen Expected
to Strike.

October 30th is the date fixed for the union employees of practically all the railroads in the United States to quit work as a protest against reductions in wages and changes in working rules. The railroads are divided into groups and the groups will walk out in succession, 24 hours apart. The C. & O. is in the group that will strike November 3.

The railroad officials are preparing to fight it out. They are announcing that freight rates will be reduced in proportion to the wage reductions. Already some of the roads are advertising for engineers and trainmen to go to work October 30, with guarantee of permanent positions. There are millions of idle men in the country and these probably will be standing in line for the vacant places.

A railroad strike now is not as serious as it was 20 years ago. Motor trucks by the thousands and tens of thousands, and automobiles by the hundreds of thousands will take care of the absolute necessities of the cities and country in general.

An announcement from a high union official on the Pennsylvania system says 15,000 men on that road will refuse to obey the strike call.

The working rules of the railroad labor unions are said to be a greater handicap to the economic and efficient operation of railroads than high wages.

S. M. McClure
Seriously Injured in Accident in Huntington

While on his way to assume his Sabbath duties as superintendent of the Sunday school of Central M. E. Church South, S. M. McClure, 49, of 1044 Madison-av., was run down and seriously injured by an unidentified motorist at 9:15 o'clock Sunday morning. Mr. McClure was struck by an automobile, said to have been speeding, as he crossed Jefferson-av. at Eleventh-st. His eleven-year-old daughter, Elizabeth, standing on the curbstone, saw her father's body tossed into the air by the machine, which disappeared toward the western limits of the city without stopping to aid the victim. At a late hour that night, police had been unable to ascertain the identity of the car or its driver.

Mr. McClure's right leg and right shoulder were fractured and he had suffered also a slight fracture of the skull. It was stated after he had been removed to the Kessler-Hatfield hospital in the car of a passerby. He will recover, barring unforeseen complications, said hospital authorities. The leg was broken below the knee when a wheel of the car passed over it.

Although the happening was seen by a number of eyes-witnesses none was able to give definite description of the mysterious automobile. One man suspected of having been the driver of the car was questioned by the police, but he was not placed under arrest, having offered an unimpeachable alibi, it was said.

The neighborhood in which the victim lives was thrown into a state of indignation by the affair and its shadow was marked at services at the church of which he was a member and official. Mr. McClure, a carpenter, has long been held in high esteem in the community in which he lives and many condolences and offers of assistance in obtaining the arrest of the driver of the mysterious car were received by his family yesterday. He is married, and has two children, Donald and Elizabeth.

With the latter, Mr. McClure left his residence for Sunday school services. At the street corner where the accident occurred, he left the child upon the curb, because he feared he would be late and her small legs could not take the strides he was capable of. Only a moment after admonishing her to be careful and to follow him with a group of her young friends who were approaching, he stepped in front of the speeding automobile.—Huntington Herald-Dispatch.

NORTHUP WOOD
BADLY INJURED

A Broken Back Results
From Fall From Moving Train.

Jay Northup Wood is in a hospital at Cleveland, Ohio, with a broken back, and with no hope held out by the physicians for his recovery. He fell from the cab of a locomotive last Sunday in the Cleveland yards of the Big Four railroad.

He is a son of Dr. H. A. Wood of Buffalo and a grandson of Col. Jay H. Northup of Louisa. A telegram was received here about 10 a. m. Monday and Col. Northup and daughter, Miss Hermila, left at 12:50 for Cleveland.

The physicians say the young man may live a few weeks or only a few days. The spinal cord is cut and he is paralyzed from the hips down. His father is with him.

The accident occurred when Northup was leaning out of the window of the locomotive cab, looking for a signal. The arm rest gave way and he pitched headlong to the ground. He was picked up and hurried to the hospital and given every attention possible. He has been conscious and cheerful all the time.

During his childhood Northup often visited in Louisa. He is about 25 years old. A few years ago he took up railroad work and was very enthusiastic about it. That he should be the victim of an accident that seems certain to cost him his life at so early an age arouses deep sorrow and sympathy in the hearts of his friends and the friends of the family.

Me-o-my, how you'll take to a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy's jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

OBITUARY

The death angel visited the home of Clayton Thompson and wife October 15 and took their darling little daughter, Martha Margaret, about 8 years of age. Diphtheria was the cause of her death. After two weeks of suffering little Margaret was called home to live with Jesus.

All was done that loving hands could do to restore her to health, but God saw fit to call her home to live with Him.

Funeral service was conducted by Bro. Billie Copley and the little body was laid to rest in the family burying ground.

Weep not, for little Margaret, but turn your eyes heavenward and live the life that when death's summons comes you may meet your darling where there will be no more parting or no more good bys, no more pain and where death never comes. All is peace and love. Jesus said, "suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven."

A little one from us is gone.

A voice to us is still.

A place is vacant in our home.

That never can be filled.

40,000 MINERS MAY LOSE JOBS.

Lexington, Ky., Oct. 18.—In the event of a general railroad strike 40,000 Kentucky miners would become idle and the daily average output of 360,236 tons of coal for each working day would be reduced to 10,000 tons daily, the amount needed to operate machinery in preventing flooding of mines, according to estimates of L. Blenkinsop, chief inspector of the Kentucky Department of Mines.

Kentucky mines ordinarily employ 32,000 men inside the shafts and 9,000 on the surface, not including office workers. The loss to employees made idle by the rail strike would be \$200,000 for each working day. The loss to operators would be enormous. Besides the loss in revenue they would have to keep 1,000 men at work mining coal and operating pumps operated by machinery using the small tonnage of coal mined.

Affidavits From
H. B. Hewlett and
W. A. Arrington

The affiant, Walter A. Arrington, states that he was the regularly nominated candidate for the office of County Court Clerk on the Democratic ticket, at the August 1921 primary; that, about ten days after the August primary, the affiant was in the office of the Clerk of the Lawrence County Court seeing about the filing of his post-primary election statement and asked the Clerk, D. B. Adams, for a blank upon which to prepare the expense account and said Clerk D. B. Adams stated that it was not necessary to file such expense account and stated that he did not have any blanks and failed to furnish a form upon which to make this statement.

In the same conversation the affiant, Walter A. Arrington states that he asked the said Clerk, D. B. Adams, when he should file his certificate of nomination for his office and the said D. B. Adams picked up a book, saying it was the election laws, and read, or pretended to read from it, and then stated to this affiant that the certificate of nomination awarded to him by the election commissioners did not have to be filed in his office until thirty days before the final election; and stated further that he, D. B. Adams, had to have the certificate of nomination at that time in order to prepare the ballots for the election.

Further, affiant, Walter A. Arrington says that he was in the town of Louisa the entire week preceding the last day of filing certificates of nomination and on the streets in the town of Louisa, and in the County Court Clerk's office on Saturday the last day for the filing of the certificates of nomination and various opportunities were had to correct the information which had been given him about the filing of this certificate by the said Adams; that no information or suggestion was made to this effect and relying solely upon the statements made by said D. B. Adams, this affiant left Louisa late in the evening on the last day for filing and failed to file his certificate of nomination, solely because of his reliance upon the statement of Adams, above set out.

G. R. BURGESS,
Notary Public, Lawrence Co., Ky.

The affiant, H. B. Hewlett, says that he was the Democratic nominee for the office of Circuit Court Clerk, upon the Democratic ticket, having received the nomination for said office without opposition in the primary; that a few days after the primary he went to the office of the Clerk of the Lawrence County Court to file his post-primary expense account and had the following conversation with D. B. Adams, the Clerk of the Lawrence County Court: The affiant said to the said D. B. Adams that there was a lot of filing to be done in elections and that he hoped

that this would be the last thing he had to file, and thereupon the said D. B. Adams said to him that, "No, you will have to file your certificate of nomination in thirty days before the November election."

Affiant, H. B. Hewlett states that he lives in Louisa, Ky., and was in said town all of the last day upon which the filing of certificates of nomination could be made; was on the streets and around town all day, and many opportunities were had for the Clerk, D. B. Adams, upon this day, and for many days prior thereto, to correct the information which he had given the affiant concerning the time to file certificates of nomination; that no such information correcting this statement was given to him by said Adams or any information, and relying solely upon the statement made to him by the said Adams that he had until thirty days before the election to file the certificate of nomination, the affiant failed to file it on the forty-fifth day before the election. W. A. Arrington Denies
Report About J.W. Young

I hear that a report is being circulated that Jim Walter Young was partly responsible for my failure to get my name on the ballots for the November election. I want to say that I know this report to be absolutely false and it was started to injure Mr. Young in his race for Sheriff of Lawrence county.

Such methods of campaigning are not indorsed by the people. Trickery and falsehood is not what the fair-minded men and women of this good county want to see used in an election. I believe hundreds of them will vote against people who resort to such low methods. Mr. Young is my friend and I am very anxious to see him elected. He is a clean man and will make a fine Sheriff. I now ask my friends, both Republicans and Democrats, to vote for Mr. Young. I will take it as a personal favor from all of you who do it. This will to some extent help to offset the wrong that was done in keeping my name off of the ballots after I had been nominated in the primary.

Very truly yours,
WALTER A. ARRINGTON.

AN APOLOGY TO
MR. E. E. SHANNON

In a speech made by W. T. Cain, candidate for Commonwealth's Attorney, at Blaine on last Saturday and referring in his speech to the failure of some of the democratic candidates to file their nomination papers he said that it was the duty of the county chairman and the campaign chairman of the democratic party and Fred Vinson, by reason of his being at the head of the democratic ticket, to inform the candidates of their party as to when they should file their nomination papers and in this connection I spoke up and told him that he might say that Mr. E. E. Shannon, the democratic campaign chairman, was a member of the legislature when the law governing the filing of nomination papers was amended so that they should be filed not later than 45 days before the election. I was under the impression that this law was amended in 1920 while Mr. Shannon was in the legislature but I find that it was amended in 1918. I am sorry indeed that I was the cause of this being mentioned wrongly and I very frankly desire to apologize to Mr. Shannon for my error in prompting his speech and further I assume all responsibility for the remarks. It is not my policy to play unfair in this campaign or to make any untrue statements. It was an unintentional utterance on my part. J. M. CAIN.

The Passionate Sword.

By Jean Star Antermeyer
Temper my spirit, oh Lord,
Burn out its alloy,
And make it a pliant steel for thy
wielding,
Not a clumsy toy.
A blunt, iron thing in my hands
That blunder and destroy.
Temper my spirit, oh Lord,
Key it low in the fire;
Make it one with the flame. Let it
share
That up-reaching desire.
Grasp it thyself, oh my God;
Swing it straighter and higher.

We hear a great deal about the inadequacy of old fashioned methods to deal with modern problems but often we wish that the modern mother might adopt a few old fashioned ways of training. At least that is the best remedy we can suggest for inducing the children to take up once more a few of the courtesies which have unfortunately become so rarely used as to be considered old-fashioned.

One of the courtesies which has become sadly forgotten is the respect that is due old age. You see this lack everywhere, but more in the cities, perhaps because there is more opportunity. Old people are jostled about on the street cars the same as anyone else and they are shoved from pillar to post quite regardless of their inability to take care of themselves.

There is no need of trying to plant this respect for the aged into a child's mind after he is grown. It is something that must be taught him from babyhood and it would be a good thing for America's manhood and womanhood if more mothers would realize this.

Growing old gracefully is a thing which most people, women especially, find it very difficult to do. Yet it adds so much to the charm of approaching age that it seems strange more of us cannot form the habit. Someone has said that blossom time cannot last forever—it must pass for all of us, and to try and stay it only hinders the seed time and the harvest, each one of which are quite as satisfactory if we can but acquire the faculty of growing old gracefully.

Any display of personal feelings or emotions in public is very bad taste to say at least, but there are a great many people who don't seem aware of this. They tell all their family affairs and personal history for everyone to hear. Many husbands and wives across much in public we can't help wondering what sort of prize-fights they hold in private. Another thing is all this "spooning" which we see so much. We understand the new word for this as "petting" but our readers will understand what we mean. Can't some one impress on these enamored young things what fools they are making of themselves. It seems not. Experience is a bitter teacher but a thorough one.

With every approaching season we think of that one is our favorite and just now we are all looking forward with keen enjoyment to the cool hazy days of fall. Fall days are such apple days with their first tinge of sharpness in the air. And fall colors are so gorgeous, all the golden browns, the reds and the deep purples. Yes, just now fall seems to many of us our favorite season though we may be fickle and change again in a few months where we feel the stir of spring as "an instinct within us that reaches and towers."

Poem by Uncle John

"WHITTLE"

Whittle on a splinter in a quiet, homey place, feller spends the winter-time with happy, smilin' face. . . . Watch the shavin' flyin' from a blade that's sharp an' thin, mighty satisfyin' way to fence the hours in. . . . Whittle on the problems that affect a feller's life—takes a world of patience in the man behind the knife. . . . Had to whittle keener when you run across a knot, or mebbe cut yer finger, when you faltered—or forgot. . . . Whittle out a character, or mebbe a career, makes a sight of litter all around a feller's cheer. . . . Get it shaped to suit ye, in its form as well as left, makes a pile of whittlin', where there's often little left. . . . Fellers argy sometimes, that whittlin' never paid. . . . Never put no value on the flamage they made. . . . Somehow failed to realize the talents which they had, to carve around the good things, or whittle out the bad.

RED CROSS GIVES ANNUAL BUDGET

\$19,361,657 Allotted for Current Program of Relief and Service.

MILLIONS FOR VETERAN AID

Medical Aid for European Children Will Cost \$6,000,000 This Year.

Washington.—Expenditures totalling \$19,361,657 for carrying through its program of relief and services in the United States and overseas are outlined in the budget of the American Red Cross for the current fiscal year. This total is more than \$6,000,000 lower than the expenditure during the last fiscal year, when the disbursements reached \$24,492,741. It is announced at National Headquarters in a statement calling attention to the necessity of continued support of the organization by response to the Annual Roll Call, November 11 to 24, if the vital work of the society is to be effectively carried on.

Outstanding among the items of the domestic budget is the appropriation of \$3,669,255 for work in behalf of the disabled ex-service man and his family. This appropriation represents the amount allotted to this work from National Headquarters, only and does not take into consideration the millions being spent in chapters for relief of the World War veteran. It is in the chapter that the greater amount is spent in meeting this obligation of the Red Cross, the announcement continues, as manifested by figures of the fiscal year 1920-1921 when the total was approximately \$9,000,000, of which \$2,002,094 represented the disbursement of National Headquarters while the remainder was the chapters' contribution to this field of Red Cross service.

Vast Work for Disabled
Chief among the sub-divisions of the appropriation for work with veterans is that which concerns itself with assistance to disabled men and women in government hospitals. This item of \$1,700,000, an increase of more than \$500,000 over the appropriation for the same work in last year's budget, will provide those personal services for the disabled and their families which are indispensable to supplement those provided by the government. The director of the Veterans' Bureau has recently expressed his desire that the Red Cross should continue and extend these "humanizing services."

Other items of the appropriation for veterans' relief are proportionately increased. An additional appropriation of \$400,000 has been made for Red Cross work in connection with regular Army and Navy hospitals and with the regular Army and Navy.

For disaster relief, the Red Cross has set aside for the current twelve months an appropriation of \$435,976, virtually doubling the appropriation for the same purpose for the fiscal year 1920-1921.

More than \$2,000,000 is provided for service and assistance to the 3,000 Red Cross chapters by the national organization.

Helping Destitute Children
Other items of the domestic budget include \$480,546 for miscellaneous activities, including contributions, restricted for special purposes and \$768,000 for management. Each of these items represents large reductions over similar appropriations of the previous year.

From a fund of \$10,000,000, \$6,000,000 of which was contributed through the European Relief Council campaign and \$3,000,000 allotted by the Red Cross for child welfare work in Europe, there remains \$2,765,108 still available, of which it is estimated that \$3,000,000 will be required for this work during the current year. For Red Cross participation in the joint effort to relieve famine conditions in Russia, for final work in the China famine, for Junior Red Cross and other overseas activities including the closing of the old general relief program in Europe \$4,078,000 is made available.

In announcing the national budget, the Red Cross makes it clear that the figures do not include chapter expenditures nor place any cash estimate on the invaluable service of volunteers in chapters.

CARRYING ON SERVICE FOR DISABLED VETERANS OF THE WORLD WAR THAT IS COSTING 10,000,000 A YEAR, THE AMERICAN RED CROSS IS HELPING FULFILL THIS NATION'S OBLIGATION TO ITS DEFENDERS. HELP THE RED CROSS CONTINUE THIS WORK BY ANSWERING THE ANNUAL ROLL CALL NOVEMBER 11-24, 1921.

The Red Cross is spending ten Million Dollars a Year to help the ex-service man and his family —

Annual Roll Call: Nov. 11-24, 1921

To bring before the country in visual form the vast problem it is helping to solve, the American Red Cross has prepared for its Annual Roll Call, Nov. 11 to 24, a poster showing how rather than diminishing the total of World War veterans entitled to Federal aid continues to grow. Red Cross service to these men is costing \$10,000,000 a year.

President Harding Now Heads Red Cross

Succeeding former President Wilson, President Harding was recently elected president of the American Red Cross. He is here seen accepting the office. From left to right: Maj. Gen. Merritte W. Ireland, Surgeon General, U. S. A.; Dr. Livingston Farrand, chairman Central Committee of the Red Cross; the President; Asst. Secretary of the Treasury Elliot Wadsworth; Rear Admiral Edward R. Stitt, Surgeon General, U. S. N.

Red Cross Trains 147 Blind Vets In Useful Work

Training designed to fit them for the battle of life was taken by 147 blind ex-service men at the Red Cross Institute for the Blind, near Baltimore, Md., during the fiscal year 1920-1921, according to the report of the Institute for that period.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special text-books in Braille, reading which they were taught at the Red Cross Institute.

Twelve men have passed from the Institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the Institute because of poor physical condition, 14 are receiving further "training on the job" and 87 are still in training.

Red Cross Plans \$6,000,000 Effort To Save Children

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of \$6,000,000 has been made available for this work.

Red Cross Gives \$310,000 to Aid 'Clean-Up' Drive

An appropriation of \$310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of \$35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for \$420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled \$155,317.

America Succors Russians
Food, clothing and medical relief costing \$700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

IN MEMORY

Julia McKinster Moore was born February 23, 1905, died July 28, 1921, age 16 years, 5 months, 6 days old.

Just one month ago Julia was taken from this world of trouble and sorrow and our hearts are sad as we think Julia is gone and then as we realize she is gone never to see her on earth no more. We can say we are going to meet her again where we will never part. She was converted when 14 years of age, lived a faithful Christian until death. She realized she was going to die and told her father she was ready to go and oh, how those words comfort us as she was ready to go to meet God in peace.

While we have lost Julia from our presence we feel that Heaven has gained another angel.

Oh, how sad it is to look back and see Julia's work she did while here on earth, but we must look on the sunny side of life and think Julia is resting in the paradise of God, resting the sweet rest we all shall rest in the by and by.

Weep not for Julia for some day sooner or later we will meet her on the glad eternal shore there to clasp hands with her and join in with her in the praise of God.

No more can we see the sweet smile on her face, no more can we hear her voice, no more can we hear her shouts of praise to God here on earth, but if we will all live as Julia lived we shall soon meet her sweet smiles again on Heaven's shore.

She left to mourn her loss a father, mother, husband, one brother, four sisters and a host of friends.

God gave, He took, He will restore. He doeth all things well. Just in the morning of her day, in love and youth she passed away.

CATLETTSBURG

In Celebration of Birthday.
Mr. and Mrs. W. H. Flanery, Elliott Flanery and Mrs. H. Leslie Parker drove to Buchanan, Lawrence county, Sunday and spent the day guests of Dr. and Mrs. J. F. Hatten.

The occasion marked the 44th birthday of Dr. Hatten. They were accompanied by Tilman Buckley, who was the guest of his cousins, Mr. and Mrs. Paynter Ross. Others present at the Hatten home were Mr. and Mrs. F. D. Wallace, Jr., and son and daughter, Eugene and Mary, Mr. and Mrs. John Moore of Lockwood and their children. They were assisted in dispensing hospitality by their daughters, Miss Elizabeth Hatten and Mrs. F. T. D. Wallace, Jr. The spacious Hatten home was aglow with decorations of roses and choice fall blossoms, which mark the advent of the mild autumnal season. Many of these flowers and much delicious fruit had been sent to Dr. Hatten by admiring friends in commemoration of his birthday.

Shortly after noon the guests were invited into the dining room. An ornamental basket filled with choicest fruit furnished the central decoration. The table was loaded with an array of good things, which was a feast for the eye and which shortly thereafter proved to be one for the palate as well. Among them was a platter containing a great roasted turkey and there were all the usual tempting accessories and just about everything good one can imagine. All did ample justice to this feast. In the afternoon the company accompanied by Mr. and Mrs. F. T. D. Wallace, Jr., visited the nearby famous spring which is on a farm belonging to F. T. D. Wallace, Jr., who nearby the spring has a wonderfully equipped lodge where the family spends much time during summer and on week-ends. The water from this spring is quite famous for its healing properties and much of it is shipped. It contains a heavy deposit of iron. It is located in the heart of the wooded mountains and wilds, but is accessible by a splendid road. Dr. Hatten and daughter, Miss Elizabeth Hatten, are locally famous as Sunday school workers throughout their entire section and have accomplished wonderful results. Dr. Hatten has been superintendent of his Sunday school, that of the M. E. Church, South, for over sixty years. He is a poet of considerable merit and on Sunday morning he sat down and composed a poem, the sentiment of which expresses the character of the man himself.

Called By Death.

Only two weeks ago Mr. Akers was called to Van Lear to attend the funeral of a nephew who was a member of the A. E. F. and who died in France. These parents have been sadly bereaved. They are among Johnson county's splendid people.

Mrs. Elizabeth Eldridge for the past three seasons pleasantly connected with the W. E. Faulkner Co. Store, was an all day guest Sunday of Mrs. Geo. Gunnell, of Catlettsburg.

Mrs. F. T. D. Wallace, Jr., of Ashland was a visitor here yesterday. Mr. and Mrs. Wallace have again located in Ashland for the winter so as to keep in school there their two attractive children, Eugene and Mary.

Mrs. J. F. Preston, prominent woman of Charley is here the guest of her daughter, Mrs. T. S. Sayer. She will also visit another daughter, Mrs. Fred Wechsler.

Called By Death.
Mrs. J. M. York was called to Russell Thursday by the death of Paul, the 2 1/2 year old baby son of Mr. and Mrs. James Kidd, the latter being a niece of Mrs. York. She is well known here having been Miss Lon Staley. She formerly attended school here and was quite popular. The baby has been ill since last May of diphtheria and has lingered, hovering between life and death.
Frank A. Bennett, 35, Mrs. Spicy Harris, 24, both of Ivel, Ky., were married here.
Mrs. Amelia Johnston mother of Mr. Walter Johnston is improving nicely after quite a severe illness at the Johnston home on Broadway.

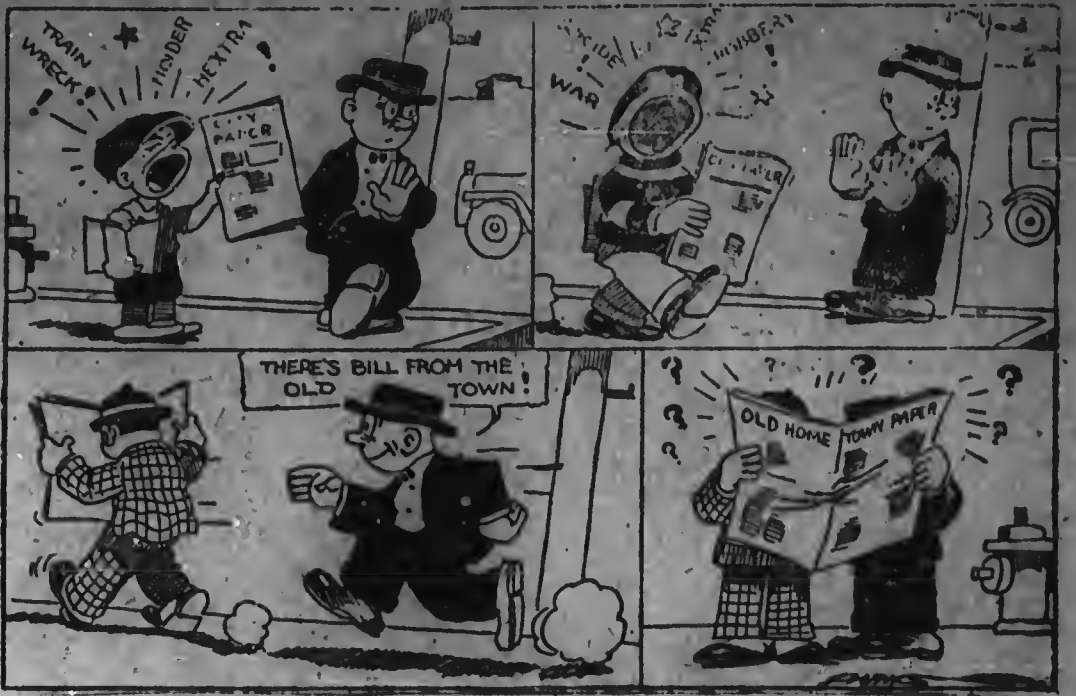

Mrs. A. A. Wilson and daughter, Miss Maud Wilson, of Portsmouth, O., entertained for six o'clock dinner last evening a number of young friends from Catlettsburg, who attended the football game between the New Boston and Catlettsburg teams. The guests enjoying Miss Wilson's hospitality were, Misses Lillian Masinter, Georgia Greever, Martha Frances Johnson, Messrs. John W. Burns, Donald Lee, Ralph Masinter, Joe Fred Starbier and Gordon Kennedy.

Elisha Johnson Dies.
The body of Elisha Johnson, who died at Donora, Penn., Wednesday was taken to Hubbardstown, W. Va., where the funeral was held and interment was made Friday. The following relatives survive: his father, Calvin Johnson, of Donora, Penn., four sisters, Miss Clyde McComas, of Hubbardstown, Mrs. Andy Courtney of Zeida, Ky., Miss Leona Johnson of Ashland and Mrs. Kay Burks of Ceredo, three brothers, Harry Johnson of Hubbardstown, Harvey Johnson of Lexington, Ky., and Henry Johnson of Ashland, and two grandmothers, Mrs. Skeens and Mrs. Mary Johnson of Hubbardstown.

SMOKY VALLEY

Was sorry indeed to hear of the death of little Dewey Edward Williamson, the son of Mont Williamson of Borderland, W. Va. Dewey Edward was the baby one and will be greatly missed in the home. Mr. Williamson moved from this place to Borderland over a year ago.
Father, mother, sister and brothers and a host of friends were left to mourn the loss of the dear one. They do not weep as those without hope for we know that he is sweetly resting in the arms of Jesus.
Much sympathy is felt and expressed for the bereaved family in the loss of their darling one. O. D.

News From the Old Home Town

Movie of a Man Away From the "Old Home Town."

As Thanksgiving approaches with its return of fond recollections of father and mother, the old place and the old "Home Town," are we going to forget that the boy and the girl and the friend far away there in the city or the other state, are hungering for the people and the things of the happy old days?

"Home" is still the greatest word in the English language, or any language and no matter how rich or how poor they are who have gone away from us, their hearts are still tuned to the fond recollections of yore.

Is your boy or girl off in the city, struggling among strangers, struggling to make good among the tall buildings and smoke stacks, among new friends, good, bad, or indifferent? What will bring a fuller hour of joy to their hearts regularly every week than the "Home Town" paper? And believe us, the boy or girl, man or woman

who finds happiness in reading about the news of old home and old friends is the man or woman who is proof against the snares of the tempter.

Is there an old neighbor or old friend who is plodding his or her path through life among strangers? Wouldn't the home paper with its budget of news from the old place, delivered regularly every week in the year, bring cheer and comfort to them?

"Subscribe for your Home Town Paper" Week is an event that is scheduled for Nov. 7 to Nov. 12. Come in and subscribe for the BIG SANDY NEWS for that boy, for that girl, for that father or that former neighbor. Or, if you think they would rather subscribe themselves, send them a copy of this week's paper with this editorial marked.

Or, send us their name and we will do it for you.

REMEMBER YOUR ABSENT ONE, OR WE WILL DO IT FOR YOU

The "Home Paper" is the fondest visitor to every city dweller thrown in circumstances among tall buildings and smoky stacks; thrown among new and untried friends.

As Thanksgiving approaches, you cannot give a more welcome gift that boy or girl who is far away; that father and mother who have retired distant parts; that friendly old neighbor who has gone to his city or to another state; than a year's subscription to the "old home" paper. It will mean hour's joy, an hour's return to fond recollections to him or her every week of the year—an every-week remembrance of you! And if you yourself far from your home town, you ought to send your subscription to the paper that will give you the news of the old town.

If you think your boy or girl or friend would rather subscribe him mark this piece and mail the paper to him. Or send us the name on the following coupon and we will do it for you:

Greatest Slaughter of Modern Merchandising in Lawrence and Wayne Counties

Nothing Reserved! Entire Stock on Sale!

MONEY-RAISING SALE

READ BOTH SIDES!

This circular is printed on both sides. Don't miss any of it. There are bargains galore for everyone. Why not save your hard earned dollars?

DON'T MISS IT!

There are many bargains quoted on other side. Look them over, make up your list of needs and come to this sale. "A word to the wise is sufficient."

STARTS WEDNESDAY, OCT. 26 8:00 A.M.

Until Saturday, Nov. 5--10 Days Only

Under Lock and Key

My store will be closed all day Tuesday, Oct. 25th, to mark down stock. An army of sales-people will be put to work to have everything in readiness for the greatest, grandest and biggest sale of fine merchandise for men, women and children that has ever been known in the history of Louisa. No goods will be sold at these prices until Wednesday, Oct. 26th, at 8:00 a.m. sharp.

Read my price list on other side of the bill. Make a list of your needs. Come to this sale and save your hard-earned dollars. The date you know! The hour is set -- Wednesday, Oct. 26 at 8:00 a. m. Be on time!

The Reason:

The robbery that I had the night of September 23d has naturally paralyzed me financially, as there were more goods taken than I first figured, and I was forced to borrow money in order to pay some bills. Now I am bound to raise money to meet my obligations. Therefore will place my entire \$25,000 Stock of CLOTHING for Men, Women and Children, SHOES for Men, Women and Children, HATS for Men and Boys on sale for 10 DAYS ONLY at 33 1-3 to 50 per cent lower than the present market prices. I bought my entire stock of merchandise early in the season knowing that goods would advance—and they are advancing daily. This robbery has placed me in position that I must sacrifice the prices in order to raise a large sum of money. Now think of it—this is the season of the year when every merchant is getting the highest prices for his wares! Here I come at this time of the year and cut prices to such an extent that it is impossible for any one to compete with me. But I can not help it—I need the money and must get it in 10 days, and in order to do so I will cut and cut deep and very deep.

J. ISRALSKY

The Robbery of My Store
